

# Cotton-Filled Sponges

AVAILABLE IN:

- 2x2 (8-Ply)  
(Sterile, Non-sterile)
- 3x3 (4-Ply)  
(Non-sterile)
- 4x4 (4-Ply)  
(Non-sterile)

This variety of sponge looks similar to the all-gauze variety with its cheesecloth-like outer layer, but contains an inner layer of 100% cotton. This provides extra absorbency, as well as additional patient comfort. The cotton-filled sponge is dentists' traditional, reliable choice.

- All gauze with an inner layer of 100% cotton
- Cotton center provides greater absorbency
- 2"x2" size available in pre-sterilized SteriPocket®. These sponges are pre-packaged sterile sponges and are ideal to distribute to patients after extractions.
