

AVAILABLE IN:  
 2x2 & 4x4 Rayon/poly nonwoven (8-Ply)  
 2x2 Cotton-filled (4-Ply)

As hard as dental professionals work, any effort to make life easier and more efficient is always welcome. That's why Richmond Dental & Medical's SteriPocket® Sponges continue to be as popular as they are effective. SteriPocket® Sponges are individual, pre-sterilized packets of 2 cotton-filled or 2 rayon/poly nonwoven sponges. Easy, economical and professional, they are always ready when you need them.

- Perfect for dispensing to patients after an extraction
- Patients leave office confident that the sponges remain sterile until opened
- Saves time Assistants do not have to sterilize and package sponges for patients.
- Saves money Assistants can easily control the number of sponges distributed.
